

### ***Ways of Working together***

At St John's we are a Learning Community. We believe in integrity, honesty, compassion and forgiveness. We understand that in our lives we all make poor choices as a result of many emotions we experience growing up therefore we acknowledge the need for conversation with always valuing the person and working towards restoring our relationships.

Corporal Punishment is not used at anytime at St. John's

We will respect each other by:

- listening to each other
- contribute to our community with my voice and action
- look after each other's property and school property
- move appropriately around our spaces
- speak to each other with appropriate voice and words

When we have a breakdown in our ways of working, we believe our choices always need to be discussed.

**My conversation with an adult may include:**

- What happened?
- How did it happen?
- How did you act in this situation?
- Who did you think was affected?
- How were they affected?
- What needs to happen to make things right?
- What would you do differently next time?
